Description

Made of 100% neoprene to provide maximum thermal insulation.

The front zipper allows the skater to put the boot on and take it off easily, without having to remove the cover every time.

The upper part is higher than the boot, so that it seals the leg in and prevents moisture from entering when in use.

The edge of the underside of the cover features Velcro inserts that close it tightly, preventing cold and moisture rising up from the ice into the boot.

Edea accessories: Thermal Boot Covers

Hand-washable.

Color: Black

Sizes: 225-240/245-260/265-280/280-310
