

PIANO

Edea Anti-Shock gives you the ultimate in feel. Negative energies are absorbed, giving you a better platform. The smoother glide ensures quicker transitions and take offs. The saved energy means you can train longer and harder. Feel more and express yourself. Innovation means speed, air time and feel. The unique shell and thinner sole improve power transmission shortening reaction time and increasing control. A lower center of gravity increases stability. Feel the power, skate the edges. Performance without pain. The anatomical structure works with your body. The ergonomic heel lock optimizes foot position and memory foam holds without pressure. The thermoformable shell can be shaped in store for your perfect fit. Start ahead, stay ahead. Designed to work with your body using the latest materials, Piano adjusts quickly to you. Get more time for training with our shorter break-in time. The microperforated air tech lining, also means our boots dry more quickly. keeping you both fresher for your next session.
