

MINI STOPPER

The Mini Stopper is designed to substitute the classic toestop for the execution of skating movements that do not require the use of a toestop, but still protect the frame and the skating surface. The Mini Stopper has all of the characteristics necessary for a quality toestop, being abrasiveness, grip, and durability. The Mini Stopper is the best choice for all levels of dance skating, and is recommended also for Jam and Rhythm skating. The Mini Stopper is available with metric sizing and in white. Thanks to their unique formula, Roll Line® toestops do not leave marks on the skating surface, and ensure a long lifespan even on rough surfaces. NOTE: Roll Line® toestops have a stem with metric measurements. Please check for compatibility with other brands.
