

PINK

The Pink toestops are designed for entry-level roller skating. Given their unique composition, they can be used both for indoor and outdoor skating. Made with a mix of natural and acrylic rubber to obtain the proper balance between performance and durability. The Pink toestop is available solely as an accessory that is sold separately. Roll Line© toestops and plates are designed with an optimal angle to augment the leverage necessary for jumps and spins. Thanks to their unique formula, Roll Line© toestops do not leave marks on the skating surface, and ensure a long lifespan even on rough surfaces. NOTE: Roll Line© toestops have a stem with metric measurements. Please check for compatibility with other brands.
