

WHITE

The White toestops are designed to assist athletes in beginning their first complex jumps. Made with a mix of natural and acrylic rubber, the white toestop has an intermediate degree of elasticity and grip that render it ideal for intermediate-level skating. The White toestop is supplied together with the Mirage plates and it's also available as accessory and sold separately. Roll Line© toestops and plates are designed with an optimal angle to augment the leverage necessary for jumps and spins. Thanks to their unique formula, Roll Line© toestops do not leave marks on the skating surface, and ensure a long lifespan even on rough surfaces. NOTE: Roll Line© toestops have a stem with metric measurements. Please check for compatibility with other brands.
